

# PINE CREEK TRAIL

The Pine Creek Trail follows Pine Creek from the Pine Creek Campground to the Hydroelectric generating station. The trail is Atlin's only riparian trail and was originally established in the late 80s/early 90s as a recreation opportunity for locals and visitors. The trail has been recently refurbished/rerouted to accommodate the changing creek path.

Pit toilets are available at the Pine Creek Campground across the road.

Keep an eye out for trail markers to help you on your way.

You are enjoying Taku River Tlingit Territory please be respectful of the land.

To report trail conditions or bear sightings, please send a message to the [atlinalpinesociety@gmail.com](mailto:atlinalpinesociety@gmail.com)

Also, visit [atlinalpinesociety.com](http://atlinalpinesociety.com) for more recreation information in the Atlin area
